AEON Credit Service Achieves Another Year of Strong Performance in S&P Global Corporate Sustainability Assessment 2026

AEON Credit Service (Asia) Company Limited (“AEON Credit Service”; HKEX: 00900) is pleased to announce that, in the latest Corporate Sustainability Assessment ("CSA") conducted by international rating agency S&P Global, the Company achieved a score of 58 out of 100, representing a 26% increase compared with the previous year. The score significantly exceeded the industry average of 29 points, placing AEON Credit Service ahead of over 90%* of its global peers in the “Diversified Financial Services and Capital Markets Industry” in terms of environmental, social and governance ("ESG") performance.

This year’s result underscores the Company's long-standing commitment to sustainability and the strength of its governance and management practices. AEON Credit Service continues to integrate ESG principles into its business operations and development, making steady progress in areas including business ethics, customer relations, information security, climate strategy, risk and crisis management, etc. The Company remains committed to exploring new opportunities to further enhance its sustainability strategy, create long-term value for stakeholders and contribute to a more responsible and inclusive future.

Mr. WEI Aiguo, Managing Director of AEON Credit Service, said, “We are honoured to have achieved another strong result in the S&P Global CSA this year, with our score significantly exceeding the industry average. As a responsible finance company, we have consistently embedded sustainability in our business operations and corporate culture. In recent years, we have strengthened our governance framework, enhanced climate risk management, promoted low-carbon operations, and contributed to society through financial literacy initiatives, youth development programmes and community engagement activities. Looking ahead, we will continue to work closely with our stakeholders to address sustainability challenges and seize opportunities arising from the growth of green and sustainable finance. Through these efforts, we remain committed to creating a future lifestyle that leads to a smile for each and every person.”
