The 2024 Off-us Renewal Agreement is subject to the fulfilment of the condition precedent stated below.

(ii) AEON Stores

 - (iii) the Group will charge commission for processing such payments based on the applicable MDRs specified in the 2024 Off-us Renewal Agreement and the amounts paid.
- Pricing basis** : The MDRs specified in the 2024 Off-us Renewal Agreement range from 0.98% to 1.90%, depending on the brand of the Card used in the Off-us Acquiring Transactions (e.g. Visa, Mastercard, UnionPay and JCB) and the nature of the sales (which shall be either supermarket sales or general merchandise store sales under the 2024 Off-us Renewal Agreement).

Chargeback and dispute

: Where there is any Chargeback to the knowledge of the Company, the Company shall forthwith inform AEON Stores of the same and, based on the best knowledge and belief of the Company, advise AEON Stores of any possible mechanism that AEON Stores may pursue to defend against such Chargeback subject to provision of reasonable supporting documents and/ or information by AEON Stores.

Termination

: Either the Company or AEON Stores may terminate the 2024 Off-us Renewal Agreement by giving to the other party 90 days' written notice in advance.

OFF-US CAPS AND AGGREGATION OF ANNUAL CAPS

It is estimated that the maximum aggregate amount of commission payable by AEON Stores to the Company in respect of the Off-us Acquiring Transactions under the 2024 Off-us Renewal Agreement would not exceed the Off-us Caps set out below:

<u>Financial Year/ Period</u>	<u>Off-us Caps</u>
16/8/2024 to 28/2/2025	HK\$ 9,300,000
1/3/2025 to 28/2/2026	HK\$18,000,000
1/3/2026 to 28/2/2027	HK\$17,500,000
1/3/2027 to 15/8/2027	HK\$ 8,200,000

The total amount of commission received by the Company from AEON Stores in respect of the Off-us Acquiring Transactions under the Card Acquiring Merchant Agreement for the past three years ended 29 February 2024 was HK\$5,400,000, HK\$15,400,000 and HK\$14,500,000. For the period from 1 March 2024 to 15 August 2024, such amount of commission is expected to be no more than HK\$6,100,000.

The Off-us Caps are determined based on (i) the expected Card transaction volume of AEON Stores with reference to AEON Stores' historical Card sales; (ii) the MDRs under the 2024 Off-us Renewal Agreement; and (iii) an anticipated additional Card transaction volume/ amount for AEON Stores to be generated through revamp of its own store network and product offering, coupled with its ongoing Card promotions.

Based on the factors mentioned above, the weighted average MDR is estimated to be approximately 1.37%. In determining the MDRs and to ensure that the MDRs offered by the Company to AEON Stores would be no more favourable than the MDRs the Company are offering to its independent third party customers in the market for Acquiring Services, the Company has taken into account, among other things, (i) the interchange fees that would be payable by the Company as a provider of Acquiring Services to the Card Associations at applicable rates as set by various Card Associations; (ii) the MDRs for the same or similar types of transactions that are offered by the Company to independent third party merchants; (iii) the actual or projected funding costs of the Company; and (iv) anticipated transaction volume of AEON Stores in terms of purchases made by its customers using Cards.

In view of the similar nature of the On-us Commission Transactions and the Off-us Acquiring Transactions and that both types of transactions have been/ will be conducted with AEON Stores, the transactions under both the 2023 On-us Renewal Agreement and the 2024 Off-us Renewal Agreement shall be aggregated when calculating the annual caps pursuant to Chapter 14A of the Listing Rules. REASONS FOR AND BENEFITS OF ENTERING INTO THE 2024 OFF-US RENEWAL AGREEMENT

The Group is principally engaged in the provision of consumer credit finance services, which include the issuance of credit cards and the provision of personal loan financing, payment processing services, insurance agency and brokerage business, and microfinance business.

AEON Stores is principally engaged in the operation of general merchandise stores.

Through entering into the 2024 Off-us Renewal Agreement, the Company may continue to use its own EDC terminals at the premises of AEON Stores for both the On-us Commission Transactions and the Off-us Acquiring Transactions, without having to undergo the initial setup yet again. In addition to this operational certainty and convenience afforded to the Company, the Off-us Acquiring Transactions are expected to help maintain the Company's (i) commission income from its Acquiring Services; and (ii) brand credibility as a provider of Acquiring Services to sizeable merchants. To date, AEON Stores remains the single largest merchant for the Company's Acquiring Services, both in terms of the Card transaction volume/ amount and the commission amount to the Company

The Directors, including the Independent Non-executive Directors, consider that the 2024 Off-us Renewal Agreement is entered into in the ordinary and usual course of business of the Company, the terms of the 2024 Off-us Renewal Agreement are on normal commercial terms, and both the terms of the 2024 Off-us Renewal Agreement and the Off-us Caps are fair and reasonable and in the interests of the Company and its shareholders as a whole.
